530 Series Key in Knob Locksets

Description

The 530 series is designed as a non-handed, easy-to-install lockset. This high quality range is suitable for residential and commercial applications including office partitioning.

Features and Specifications

Cylinder

- 5 pin tumbler mechanism
- Brass cylinder and brass barrel

Keying

Standard Keying

- Supplied individually keyed with two keys per lock
- 78,000 key combinations
- Key blank KB2015P

Restricted Special Keying

Lockwood locks can be keyed to a number of controlled and/or specially keyed systems. These range from legally protected keys to protect against unauthorised duplication, which can also include specially designed key systems such as master key systems, which allow for different levels of mechanical access control.
